

Why Choose Norfolk Blinds? (for your Commercial or Multi Residential Project)

1. Premium quality Australian specialist manufacturer of Commercial & Multi-Residential blinds

- Norfolk Blinds manufacturing facility includes the latest ultrasonic automated cutting tables and testing equipment
- Our Quality Management system ensures premium quality and is externally audited to meet or exceed NBQA-2000 standards
- Being the manufacturer allows us to access and produce window coverings from an extensive global product range
- We offer a 5 year warranty on all manufactured products
- Our blinds are fully edge sealed and tested using modern technology and equipment

2. Competitively priced, cost effective and high value blinds.

- Norfolk Blinds provide highly competitive manufacturer direct pricing, saving on higher prices other companies need to charge to cover middleman profits
- We constantly negotiate with suppliers to get better deals, and pass the savings directly to you
- Our consistent high volume manufacturing allows us to gain cost savings to provide better quality for competitive prices, giving you superior value
-

3. **Clear communication, personal service and expert advice.**

- Our team of expert consultants have extensive experience in all manner of Commercial and Multi-residential projects
- We ensure a seamless transition from your first contact through to project completion, as a result of our inclusive team communication & collaboration
- You will receive a dedicated project management team assigned to your project
- We insist on team accountability, from our management right through to site teams

4. **Products and services are delivered within your project schedule**

- Our commercial collection, enables us the ability to dispatch blinds the same day as the site measures are received
- We are able to plan our production schedule to suit your requirements
- As we are both the manufacturer and installer, we are also flexible to juggle production and installation timeframes, and can work around other trades to meet urgent deadlines

5. **Experienced and reputable commercial blind & curtain manufacturer and installer you can rely on.**

- Norfolk Blinds has successfully completed over 1150 commercial and multi residential blind projects over the last 4 years
- We have a very high DIFOT rate of 94%, with projects consistently *Delivered In Full, On Time* and defect free
- Independent research conducted in 2016 with our Commercial & Multi Residential Builders clients identified an amazing 100% client referral rate
